Re: Open records Request

Dear Mackenzie,

This is our response and production to your open records request, received by the Secretary of State on February 25, 2019, for:

"Any and all documents, communications, memorandum, and reports concerning voter ID requirements in relation to people who identify as transgender."

We did not find any records directly addressing transgender identity and voter ID requirements. The production, therefore, consists of documents related to that issue. We produced

- three regulations on photo ID;
- two fact sheet handouts on photo ID;
- website instructions on photo ID;
- an October 2012 policy statement on Voter ID options; and
- a draft from September 2011 pertaining to voter registration that includes this guidance "If the gender indicated on the birth certificate does not appear to match the gender of the voter registration applicant, ignore the gender." Pg 2, Para D.

That is all we could find. No fee is being assessed. Feel free to e-mail me with questions.

Thank You for Your Interest
